

Pro Program Application

At Adamsbuilt, we know that great gear in the hands of great guides makes all the difference. Our success is built on the water, and we're proud to support the professionals who live it every day.

The Adamsbuilt Pro Program is an exclusive opportunity for select industry professionals to experience and represent what we believe is the best gear in the business. This program is our way of saying thank you—and welcoming you into the Adamsbuilt family.

Program Benefits

For a limited time, approved guides & professionals receive a 50% discount off MSRP on Adamsbuilt gear. This 50% discount can be used for (5) “big ticket” items (waders, wading boots, bags, nets, rod & reel combos), and is unlimited for the smaller essentials, like fly boxes and tools. *(Interested in hooking your clients up with their own loaded fly box? Let us help!)* In addition, approved members will receive exclusive offers for new products, specialty discounts, and more via email!

Program Guidelines

- This offer is for personal use only, not for resale.
- The discount is limited to a maximum of 5 major products, and is unlimited for fly boxes and tools.
- We reserve this program for working professionals who actively guide, instruct, or work in the fly fishing industry.
- The following documents must be submitted with this application:
 - A valid credit card
 - Current guide/outfitter/captain's license (or equivalent)
 - Recent pay stub (with sensitive information blacked out)

By applying, you're helping us grow the Adamsbuilt community with integrity and passion for the sport. We're honored to have you on board.
